

Attorney Docket No. 19480-2506RE

First Named Inventor: Mats Hylin et al.
Original Patent No.: 6,005,534
Date of Issue: December 21, 1999
Assignee: Dahlgren, Hylin & Jonason Media AB
Title: DIGITAL INFORMATION SYSTEM

REISSUE DECLARATION BY THE INVENTORS
PURSUANT TO 37 C.F.R. § 1.175

As the below named inventor, I hereby declare that:

(1) My residence, mailing address and citizenship are stated below next to my name.

(2) I believe I am an original, first and joint inventor of the subject matter which is described and claimed in U.S. Patent No. 6,005,534, granted December 21, 1999, and for which a reissue patent is sought on the invention entitled DIGITAL INFORMATION SYSTEM, the specification of which is attached hereto and is amended by the concurrently filed preliminary amendment attached hereto.

(3) I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

(4) I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR § 1.56.

(5) I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) of the foreign application for patent listed below:

<u>FOREIGN APPLICATION NO.</u>	<u>COUNTRY</u>	<u>FOREIGN FILING DATE</u>
961603-5	Sweden	April 26, 1996

(6) I verily believe the original patent to be wholly or partly inoperative or invalid by reason of the patentee claiming less than patentee had a right to

claim in the patent. Specifically, insufficiencies in the claims arise from claims 1 and 13 reciting the excessive limitation that the content of display, location of display, timing of display and duration of display specified by the exposure list are capable of being independently selected. The inclusion of this limitation is not commensurate with the scope that I had a right to claim and thus renders the claims unnecessarily restrictive. Because patentee has claimed less than entitled to, these errors cause the patent to be wholly or partially inoperative or invalid and are sufficient to support reissue.

(7) In addition, I believe the original patent to be wholly or partly inoperative or invalid by reason of a defective specification. Specifically, defects in the specification arise from errors that occur in column 1, lines 10, 25, 32, 34 and 55; column 2, lines 38 and 63; column 3, lines 21-23; column 4, line 44; column 5, line 47; column 6, line 14; and column 7, line 9.

(8) All errors which are being corrected in this reissue application up to the time of filing this declaration arose without any deceptive intention on the part of the applicant.

(9) As a named inventor, I hereby appoint the following attorney(s) to prosecute this application and transact all business in the United States Patent and Trademark Office connected therewith.
